

WORKSHEET #1

Name of Object	Material of Object	Attracted to Magnet	
		Yes	No

Use as many objects as you can find.

Write two sentences telling what you found out about magnets.

WORKSHEET #2

	Number of Paper Clips Prediction	Test Results
1 Unit Magnet		
2 Unit Magnet		
3 Unit Magnet		

Were you surprised by the results?

Write two sentences telling what you found out.

WORKSHEET #3

Make your own magnet.

MATERIALS: large nail, bar magnet, small tacks.

ACTIVITIES AND PROCEDURES:

1. Test your nail by touching it to the tacks. It should not pick them up.
2. Next, hold the bar magnet in one hand and stroke the nail across it. Be sure you stroke it in one direction only. Stroke it around 50 times.
3. Test your nail by touching it to the tacks. Presto, you have a magnet!
